

Community News

CanTEST staff provided **228** health and AOD brief interventions and **2/145** samples were voluntarily discarded by people after their received their results.

To 20 December, CanTEST had tested a total of **516** samples during the trial period.

CanTEST opened for extended hours in the lead up to Spilt Milk Canberra on 26 November and those results are included in this month's snapshot.

All CanTEST notices can be found on our social media and on our website.

@CanTESTCBR

Cocaine

was expected in **27** samples and detected in **24**

Purities ranged from **5 - 84%**

Cocaine adulterants found included **caffeine, creatine, lignocaine** and **benzocaine**.

In **1** sample where cocaine was expected but not found, **benzococaine** was identified.

Ketamine

was expected in **12** samples and detected in **6**

Purities ranged from **26 - 86%**

In the samples where people expected **Ketamine** to be present but it wasn't found:

4 samples contained **2'-fluoro-2-oxo-PCE (2F-NENDCK)** and **1** sample contained **MDMA**.

MDMA

was expected in **68** samples and detected in **51**

Samples tested & their purity ranges:

31/40 capsules contained **11 - 81%**

8/11 powder contained **<5 - 80%**

3/5 pills contained **<5 - 18%**

9/10 crystalline contained **8 - 79%**

In the samples where people expected **MDMA** to be present but it wasn't found,

1 sample contained **dipentylone**, **1** sample contained **2'-fluoro-2-oxo-PCE (2F-NENDCK)** and **ketamine**, and **1** sample contained **sucrose**.

Methamphetamine

was expected in **4** samples and detected in all of them.

Purities ranged from **74 - 78%**

Other Findings

Of **2** samples which were expected to contain **amphetamine**, **1** was found to contain **3-CMC** and **1** was found to contain **methamphetamine** and **caffeine**.

1 sample which was expected to contain **benzocaine, dimethocaine, boric acid, cocaine** and **mephedrone** was instead found to contain **cocaine**.

1 sample which was expected to contain **3-methoxyamphetamine** was instead found to contain **dipentylone**.

No **heroin** was tested this month.
